Housing Grant Updates **October 26, 2023**

To date, we have served **913** individuals in our housing program including,

- Rental assistance
- Utility assistance
- Emergency housing
    - Hotel stays and/or furniture assistance

This past quarter (July 2023-September 2023), we helped a total of **162** new individuals with this housing project

- This number is included in the 913
- Of those 162 individuals, **141** of them reported maintaining recovery or reported a reduction in substance use
- **146** of them reported new no contacts with the criminal justice system
- **136** of them reported no utilization of emergency room services

Challenges/Successes

Challenges:	**Successes:**
We continue to see an increased number of homeless individuals in our community, but the number of available units are decreasing.	100% of individuals who are open in the housing project are receiving case management services and are active in drug and alcohol treatment.
	In July, we partnered with Blair County Community Action to encourage clients to attend a lunch and learn from Fair Housing to educate and inform on tenant rights and responsibilities.
